

PETER HAGRID

ICAN

BY: KIM A RAM

Chapter I The Cursed Child

“No... Don’t go there...” Peter thought, but he couldn’t stop himself. Peter’s feet were already moving to the scary house. “No.. Peter knew what will happen next. He went upstairs. The staircase made a creaking noise as he stepped on it. He could hear people talking from a room. He saw three of them. “The boy has something.. Something important..” one man said “But Master! It is so dangerous. I’ve heard that he will go to the Witchery Middle School this year. “He would be protected perfectly there.” The woman said “Indeed! Master and aside from that, Sheriff, the great wizard is there too,” another man said. Do you think the old man is more powerful than me? I’m the most powerful wizard in the universe!” Someone said. Peter could not see the face of the one who was talking, but there was power in his voice. “Of Course Master!” all of them agreed. There was silence in the room. Peter heard a hissing sound when he looked on the floor there was a big cobra. The cobra slithered to the man called Master, and it hissed something. Then he heard him chuckling, and he saw red lights, and he was awoken by his best friends, Albus and Lily. Yes, it was a nightmare a cursed nightmare.

Chapter II Journey to the Witchery

Peter and his friends were now sitting on the train bench going to the Witchery Middle School. Peter told to his friends about his dream, then Albus recommended to write letter to their headmaster, Sheriff. Peter sent his owl, Pigwijn to the headmaster. At that moment, Albus’ parrot, and Poko and Lily’s car, Cloud came to their room. When Pigwijn came with professor Sheriff’s message, Peter and his friends read Professor Sheriff’s message.

Dear Peter,

Good day Peter! How are you? I've heard about your dream. Is it true that you dream about that? If it's really true, then come to my office at 7:00 pm. See you later!

From:
Sheriff

"7 pm? But it is so late, we must play..." Albus groaned. "That's your problem? Don't you worry about Peter?" Lily whined. "Don't fight!" Peter laughed. "It will be alright."

Chapter III The Danger

"So you dreamed about, didn't you?" said professor Sheriff. "Yes, professor, I don't know what that means. It's so complicated. A chosen boy? Who is it?" asked Peter. "Take a seat Peter. Let me tell you something," they sat down and Professor Sheriff continued. "A long time ago, there was a very dangerous wizard called Knockturn. I wouldn't be surprised if you don't know him. He is already dead, but there are some rumors that his soul still manipulates two of his faithful followers," Professor said. The name Knockturn made Peter feel sick. "Then, what would happen to this world?" Peter asked. "Peter, this world is in danger. My great great grandfather Gosford Park had predicted this before. He once said that Knockturn would one day rise again and only a special boy could stop him," Professor Sheriff looked at Peter. "You are the boy, Peter." He said. "What? How could it be?" Peter said. "Yes, you are. I believe my boy you are the chosen one to protect us from Knockturn."

Chapter IV Who Am I?

Peter was completely shocked. He hadn't told his friends yet because he felt that his situation was too complicated. "Peter, Are you okay? You look sick. Your face is pale too," said Lily. "You must go to Madam Harker, if you are not feeling well," suggested Albus. "No thanks. I'm fine. I'm just sleepy," said Peter. "You are sleepy? Blimey! I didn't realize that it is already 11:30 pm. We really have to go to bed," Albus said. Albus immediately fell asleep, but not Peter. He could not close his eyes. He thought of what Professor Sheriff said that he was the chosen one. It was a mad idea, for he knew that he was just a boy. At that moment he remembered a part of the prophecy. He must have love and friendship to overcome something evil. He thought of his friends, and the pretty girl he liked at school. She was Ariana. The image of her in his mind made him smile. He thought that it would be better to tell them the truth.

Chapter V Top Secret

Peter decided that it would be better to tell his friends the truth about the prophecy. "Albus, Lily, please meet me at the Think-Talk room at 5pm after class. I have to tell you something. It's a top secret," whispered Peter. The two looked at him curiously, but they both nodded. The room was called 'Think-talk' Room because it could talk and keep secrets. Peter told the room about his problem, and the room communicated to him through his mind. It promised not to tell anyone about it since it was designed that way. It told him not to worry about it. Suddenly, his friends came, he felt nervous that they wouldn't understand him, but when he told them about his role in the prophecy, he felt so happy that they were so supportive of him.

Albus was so surprised at everything that his eyes popped out, and Lily had to use magic to put them back. The three laughed at what happened to Albus when someone crept into the room. A very pretty girl drifted into the room. Ariana was the prettiest girl in the witchery, and Peter liked her, and Ariana secretly felt the same. "Hi Peter, Albus, and Lily! I'm sorry for disturbing you, but I think there is something that Peter and I have to talk about," Ariana said. Albus and Lily smiled at her. "I will see you later guys." Peter told them. Peter brought Ariana to a place called secret garden. It was a big garden behind the Witchery School, and there were areas of it that were hidden from sight. The place was filled with colorful flowers, and as Peter walked with Ariana, he realized how her pretty face suited the place. "I already know Peter, I've heard what you said to Lily and Albus," she said. "I was about to tell you about it. I was worried that you wouldn't be okay with it because it might be dangerous, and I don't want my friends, Ahm especially you, to be in danger," Peter muttered. They both smiled at each other, their faces went near, and near, and then their lips touched.

Chapter VI The Stone

Peter went to his friends happily. He thought that telling it to Lily and Albus might cause them to faint. He went inside the Think-talk room and told them about his relationship with Ariana. Lily pretended to vomit while Albus annoyingly looked at Peter. Albus had a secret admiration for Ariana because she was famous. Peter started to tell them why he worried about the prophecy. "Hmm.. So you are the chosen one to beat that evil wizard named Knockturn." Said Albus. "Shush," Lily silenced them. The room became silent for a moment. Lily looked at Peter, "I know it is hard for you, but you are not alone. You need us. I mean everybody. Knockturn is a dangerous enemy. You should not be alone in this fight." "Yeah, we will do this together.

Don't give up!" Albus blurted. All of a sudden, Peter felt weird with his forehead, and his body started to glow. Lily and Albus looked at his forehead with surprise. There was a stone on his forehead. "The Reallection Stone!" The two chorused. A small mint colored stone grew on his forehead. It looked extraordinarily beautiful. Peter felt good, and it seemed that some sort of a power was being absorbed by his body. "I've never seen it before, and I thought it was not true. That stone only appears, to those who are chosen to be a hero." Lily said. Albus and Lily hugged Peter.

Chapter VII The Real Nightmare

That night, Peter felt pain on his forehead because of the stone. Then he heard someone screaming outside the room. Everybody woke up, and ran to look at the hallway. A student named Lavender was found dead. They saw something in her hands. Professor Sheriff saw it, and whispered something to Peter. Then he faced the students and told them, "Students! Wear your cloaks; get your wands, potions, and broomsticks." He gathered the professors too, and told them something. The teachers were shocked, and they rushed back to the office. "Peter! Knockturn wants your stone. He has found out about it. He and his followers will be here soon. The death of Lavender is his message" He tapped Peter's shoulder and said, "Go to the secret garden and hide with the students. Don't come out! Trust me."

"But, professor!" Peter looked weakly at him, but followed what he was asked to do.

Chapter VIII What's Happening?

In the secret garden, all the students were waiting for their teachers. They were frightened and their faces were too pale. "What is happening?" Albus asked Peter. "I think it is time to tell them about it." He paused and looked around. "Do you know the legend of the chosen boy? It is actually me!" "Are you joking?" One of the students said. "No, I am not. Look at this." The stone appeared on his forehead. There was a hubbub in the garden. "Someone called the dark wizard back to our world, so we are in danger." Peter said. "Then catch him! When we give him to Knockturn, we won't be in danger anymore!" A student with blond hair shouted. The students just looked at Peter. "We should not do that. This school has taught us to be good witches." Lily eagerly said. Then, Peter's stone started to glow and a magical genie came out of it.

Chapter IX The Genie of the Stone

"It's Luna! She is the Genie of the Stone!" Lily said. "Hi Peter! You are a lot younger than I imagined," said Luna. Luna was beautiful and kind. When Peter talked with Luna, he felt calm; maybe that was part of her power. "From now on, I'll be with you. When you want to call me, I think you're at the happiest time," said Luna. "Um... Luna?" Peter looked warily at her. "Yes?" said Luna. "Our school is in danger. Please help us," said Peter. "Peter, I am a Genie, so everything will depend on you. Do not worry. I can help you Peter!" Luna said. Then she flew to the sky, and went back to Peter's stone. Peter felt his hopes rising. Then he told the other students "Are you ready? Soon, Knockturn will come here, and try to catch everyone. Remember, we must stay together. We need to work as one!"

Chapter X The War

“Even if they didn’t know who I was, I’m surprised that they aren’t scared of me. I thought they will give me Peter,” said Knockturn.

Red clouds covered the school, but Luna’s power made a shield to protect the school. “Bloody hell! The shield will be broken anytime soon,” exclaimed Albus. “Peter!” Lily looked at Peter worried about his pale face. The shield was about to break, and the students were too worried. A lot of them started screaming and panicking.

A few hours later, the hubbub sound stopped, and Peter heard something in his head. “I killed the man.. Peter Hagrid! Come out and show yourself! If you don’t, I will kill everyone and destroy your beloved school. You only have 2 hours”.

“Someone got killed?” Peter thought.

“Someone got killed I heard Knockturn’s voice,” he told Albus and Lily.

“What?” Albus exclaimed.

Peter and his friends ran out of the secret garden and rushed to look for them. They were at the hallway lying lifeless on the ground. Then Peter came near to a familiar body. Peter was so surprised to see Professor Sheriff.

Peter lost his balance, and fell down to the old man’s body. He couldn’t stop crying, neither his friends. Ariana came to him, and she made flowers for the professor with her wand. Luna appeared in front of them. She reached for his chest, and the old man’s soul came out of it. “Peter, I’m sorry. You must beat him. Do not worry, you have your friends to fight with you,” Professor Sheriff said. He gave him a necklace. “This is called the Wisdom’s necklace. It will guide you to make the right decisions. I love you my child,” then he vanished. Everyone cried for the death of Professor Sheriff. After some time, Peter rose and looked at his friends. “Will you fight with me guys?”

“Of course! You need us mate,” Albus replied.
“We will be with you until the end,” said Lily.
“We are stronger together!” Ariana exclaimed.
“Thank you guys!” he said happily.

Chapter XI Plan

“Where do you think is Knockturn?” Peter Asked “I am sure that he is in the dark forest,” Lily replied “What is he doing there?” Albus asked “He is in the Ancient Temple where the other stone is hidden. Have you ever heard of the stones’ legend?” Lily waited for answers, but no one spoke. “Well, It was said that when the universe was made, there was a very powerful energy coming from a stone. Then a wizard divided it into two by mistake. One of the stones is the Recollection Stone which you have Peter. Your stone works with only one wizard for every one thousand years. It is more powerful when the owner has a strong love, friendship, and a belief in reality. The other stone is the red stone which is the opposite. It is a powerful stone for evilness that could be used for murder. I think it belongs to Knockturn. It must be hidden in the abyss,” Lily explained “I will go alone. I know it will be dangerous, and I don’t want you to risk your lives for me,” Peter said “We will not let you go there alone, Peter,” said Lily. “It doesn’t matter if we die or not. We have to fight him to save this world,” Albus added “I know..” Ariana whispered to them and they laughed.

Chapter XII Knockturn’s Power

Peter and his friends went to the Ancient Temple in the middle of the dark forest. It was dark and the howling of wolves could be heard around them. “Well, Well, Our guests are here. Hi Peter! Are you ready to follow your professor’s fate? Hmm.

You won't die alone. Your friends will come with you too." Then Knockturn's forehead shone brightly revealing a red stone. "I won't let that happen!" shrieked Peter. Knockturn swished his wand and Peter did the same thing. It was magical. The two wizards glowed with red and green. Their powers were too strong, but Peter could not hold Knockturn's power and fell to the ground. "Hahaha! See? You can't beat me!" Knockturn said. Peter touched his forehead, and Luna came out of it. A devil appeared from the red stone too. "Tahra, it is nice to end it right here," Luna told the devil. The devil wickedly looked at her and smiled. "Ready for your death?" it said. Then they attacked each other. The two creatures used extremely powerful magic, but the devil made a part of a tree fall on Luna, then attacked it with its power. Luna was hit and she fell on the ground. Knockturn laughed and attacked Peter with his wand, but Peter managed to avoid it and attacked him back. Peter was wounded and his power decreased. His body grew tired and he fell down to the ground. His friends approached and cried over his motionless body. As their tears ran down to their cheeks down to Peter's weak body, something magical happened, his body glowed and Luna woke up. She touched Peter, and he woke up as well. Peter felt stronger than before; he stood and prepared to attack the evil wizard. His friends joined him and with their combined powers they won over the power of the evil.

Ten years later, many children read the book about a boy and his friends who saved the lives of the students in a witches' school. The ending revealed that Peter was happily married to Ariana while Lily married her friend Albus. Luna, the genie gave them powers to fly, and once in a while they meet to look back at the time when they defeated Knockturn.
